

Michael S. Johnson

Mobile & Web Application Developer

Email: michaelprogrammer10@gmail.com | Phone: +231 771 733 123 / +231 555 230 428 | Location: Kebah Community, Banersville, Montserrado County, Liberia | GitHub: github.com/michaelprogrammer10

PROFESSIONAL SUMMARY

Motivated and self-driven developer with hands-on experience building mobile applications with Flutter and web applications and APIs using Laravel, Django, and PHP. High school graduate with a strong, practical foundation in full-stack development, quick to learn new technologies, and focused on writing clean, reliable, and efficient code.

TECHNICAL SKILLS

Mobile Development:	Flutter (Dart), cross-platform app development
Web Development:	Laravel (PHP), Django (Python), PHP
API Development:	RESTful API design & development using Laravel
Other:	Git/GitHub, MySQL, database design, problem solving, debugging

PROJECTS & PRACTICAL EXPERIENCE

Mobile Application Development — Personal & Practice Projects

- Designed and built cross-platform mobile applications using Flutter and Dart.
- Implemented app features such as navigation, forms, and API integration for dynamic data.

Web Application Development — Personal & Practice Projects

- Built and maintained web applications using Laravel (PHP) and Django (Python).
- Developed RESTful APIs with Laravel to connect front-end and mobile applications to backend data.
- Worked with databases to design schemas and manage application data efficiently.

EDUCATION

High School Diploma

St. Mary's High School — Sanniquellie City, Nimba County, Liberia

ADDITIONAL INFORMATION

- Self-taught in Flutter, Laravel, Django, and PHP through independent study and project building.
- Comfortable working independently or as part of a small development team.
- Open to freelance, internship, or entry-level developer opportunities.
